Juan Francisco Benítez López

Senior Mobile Engineer

juanfbenitezlopez@gmail.com · juanfrancrater.github.io · linkedin.com/in/juanfbenlop · github.com/JuanFranCrater

Senior Mobile Engineer with 8 years of experience delivering production-grade Android applications, complemented by solid iOS experience and some React Native. I have worked on multiple apps and websites across development, release and maintenance, and owned end to end the ones featured in my portfolio. I bring a product mindset and use AI throughout the process, from planning to release, to turn ideas into polished apps quickly and with care for quality.

EXPERIENCE

Exoticca · Mobile Engineer Apr 2022 – Sep 2026 · 4 yrs 6 mos

Involved from the first line of code on Exoticca's mobile apps. I started as the only Android developer, grew into a two-person team, and ended up as the sole owner of both the Android and iOS apps (B2C and B2B). I was the Android owner throughout, and for the last year and a half I combined that with owning the iOS app as mobile owner of both. React Native came in only during the last three months. I designed and delivered features from zero to deployment, including release management and maintenance, and brought UX ideas from the user's point of view. I worked with AI agents and GitHub Copilot to ship faster without lowering the quality bar.

CSQ Non Stop Shops · Software Developer Jun 2020 – Apr 2022 · 1 yr 11 mos

Maintained the company's Android apps and developed new features across apps, web and backend. Worked with payment libraries (Redsys) and Android devices with built-in printers (Sunmi).

Private Programming Tutor Apr 2020 – Apr 2022 · 2 yrs 1 mo

Taught software development fundamentals: Android, object-oriented programming, C++, C#, Java and Kotlin.

PadelManager · Android Developer Mar 2020 – May 2020 · 3 mos

App maintenance and new feature development.

Viewnext · Android Developer Sep 2018 – Oct 2019 · 1 yr 2 mos

Maintained and developed new features for three Android apps for different clients, including chart rendering with MPAndroidChart. Started as an internship student.

ENGINEERING APPROACH

Architecture	Native Android with Kotlin Coroutines and Flow, Hilt, Room for offline caching, Jetpack Compose and Retrofit/OkHttp. I have worked with MVVM, MVC and MVP, made most of the architecture decisions on my projects, and done migrations from XML to Compose in the past.
Integrations	Payment libraries such as Redsys, charts with MPAndroidChart, and Android devices with hardware like Sunmi printers.
Quality & reliability	Unit tests, maintaining the CI/CD pipeline, crash monitoring, A/B testing and Remote Config with Firebase, and analytics event tracking with Snowplow. I fixed crashes and production incidents and worked on performance, keeping the crash-free users rate above 99.8%.
Collaboration & leadership	Code reviews, onboarding new developers, and coordinating releases with backend, UX, QA and product.

SKILLS

Mobile: Android (Kotlin / Java) (Extensive Experience) · iOS (Swift) (Advanced) · React Native (Basic-Intermediate)
Practices: AI agents / GitHub Copilot (Advanced) · CI/CD (Intermediate)
Frontend & Backend: Web (PHP / JS / HTML / CSS) (Intermediate) · .NET (Intermediate) · WPF (Intermediate)
Game Development: Unity3D (Intermediate) · Godot (Basic) · Ren'Py (Basic-Intermediate)

EDUCATION

- **Master's in Video Game Creation (design, art and programming)**
  Universidad de Málaga · 2019 – 2021
- **Higher Technician in Multiplatform Application Development**
  IES Portada Alta · 2016 – 2018

Languages: Spanish (native), English (professional working)

- Develop apps for Apple platforms · Apple
- iOS 10 iPhone App Development: Learn the Basics
- Kotlin Fundamentals
- Android 12 with Kotlin: Intensive Hands-on Course
- Android Hilt: Dependency Injection with Kotlin and Jetpack
- Android Testing with JUnit, Mockito, Espresso and TDD
- Digital Marketing Fundamentals · Google
- English Language Immersion Course, Intermediate 2 (B2) · Universidad Internacional Menéndez Pelayo
- Cambridge English: Preliminary (PET) – CEFR B1
